Personal Information

DOB: 16/09/2001

Sex: Male

Phone number: 0793 004 016

Address: 77/56, Chuyen Dung 9 Street, Quarter 3,
Phu My Ward, District 7, Ho Chi Minh City

Email: bonby201@gmail.com

About me

Currently a 3rd year student majoring in Software Engineering. Ability to analyze, design and program software.

The short-term goal is to gain work experience, try to adapt well to the working environment, and complete the internship.

The long-term goal is to constantly learn and improve my technique, be able to adapt well to the tools and techniques that the company is using, and become a professional programmer.

Knowledge/Skills

- Experience with the following databases: MySQL, SQL Server.
- Experience with programming languages: C/C++, Java, Python, Javascript.
- Experience in web programming with the following languages/tools: JS, HandleBar(HBS), HTML, CSS.
- Experience in programming mobile applications on Android platform in Java language and backend in Nodejs language.
- Learned about object-oriented programming (OOP), data structures and algorithms, basic operating systems, basic IoT, basic computer networks.

Education

UNIVERSITY OF SCIENCE , VIETNAM NATIONAL UNIVERSITY HO CHI MINH CITY IN VIETNAM

3rd year student - Faculty of Information Technology (2019-2023)

- Specialization in Software Engineering
- GPA 3.25/4.0

Projects

Web programming - Auction Online (Project at school)

- 3-person project within 2 months.
- In charge of both frontend and backend and database.
- Using NodeJS, Handlebars, CSS, MySQL and ExpressJS.

Java programming - Covid Information (Project at school)

- 3-person project within 2 months.
- In charge of both frontend and backend and database.
- Using Java and MySQL.

Android software programming - Restaurant Management (Project at school)

- 5-person project within 2 months.
- In charge of backend and database..
- Using NodeJS and MySQL.

Window app programming - Snake Game (Project at school)

- 4-person project within 2 months.
- In charge of frontend.
- Using C/C++

Engineering Tools

HTML, CSS, HandleBar, JavaScript, MySQL, Bootstrap, ExpressJS.
